

Module Name - AC7 (Examination Module)
Student Mentor - Shreya Singh (21BCS195)

[**This Module is from scratch and every api needs to be implemented**]

API Documentation of AC7 - Examination Module

APIs in the module

1. submit_grades - Not implemented
2. moderate_grades - Not implemented
3. authenticate_result - Not implemented
4. publish_result - Not implemented
5. announce_results - Not implemented
6. publish_exam_timetable - Not implemented

Overview of the module:-

The Examination Module serves as a comprehensive platform designed to facilitate the streamlined and efficient management of the result declaration process within an academic institution. This module is a crucial component of the academic ecosystem, providing a user-friendly interface for faculty members to submit grades and marks, while also offering robust tools for academic administrators to analyze results and ensure a fair and smooth outcome for students.

- Grades Submission ,Moderation and Authentication
- Publishing and announcing Results
- Releasing Exam Timetable

APIs:-

- **Yet to be implemented or Partially Working** (API is not implemented so yet to be implemented or API is partially working i.e it has breakage.)
 - *submit_grades*
 - Index of apis used - 1
 - Description - Faculty or Acad Administrator will be able to submit grades .
 - Database - No table created
 - *moderate_grades*
 - Index of apis used - 2
 - Description - Acad Administrator will be able moderate the grades of the student using this API.
 - Database - No table created
 - *authenticate_result*
 - Index of apis used - 3
 - Description - Acad Administrator will be able to authenticate results of the students using this API.
 - Database - No table created
 - *publish_result*
 - Index of apis used - 4
 - Description - Acad Administrator will be able to publish the result using this api
 - Database - No table created
 - *announce_results*
 - Index of apis used - 5
 - Description -Acad Administrator will be able to announce the results using this API.
 - Database - No table created
 - *publish_exam_timetable*
 - Index of apis used - 6
 - Description - Acad Administrator will be able to publish exam timetable using this API.
 - Database - No table created

Current problems you are facing with the module or in its use cases —

- None
