SA4 - PLACEMENT CELL

Faculty Mentor:

Dr. Pritee Khanna

Prepared by:

Akshay Anand - 21BCS015

Kush Batla - 21BCS120

Ayush Shinde - 21BCS047

Hardik Rana - 21BEC091

Vaibhavi Bhosale - 21BCS233

Mentor :

Rahul Sankhla - 21BCS169

APIs

1. **placement/ :**

   Working status-200 ok

2. **statistics/:**

   Working status-200 ok

3. **get_reference_list/ :**

   Working status- 403 forbidden

4. **Checking_roles**

   Working status- 403 forbidden

5. **Companyname_dropdown :**

   Working status-403 forbidden

6. **student_records/invitation_status:**

   Working status-403 forbidden

7. **student_records/delete_invitation_status:**

   Working status-403 forbidden

8. **Student_records:**

   working status: 200 ok in get request

   Working status: 500 internal server error in post request

9. **Manage_records:**

   working status: 200 ok in get request

   Working status: 500 internal server error in post request

10. **delete_placement_statistics/:**

    Working status-403 forbidden

11. **add_placement_schedule/:**

    Working status-403 forbidden

12. **placement_schedule_save/:**

    Working status-403 forbidden

13. **Delete_placement_record:**

    Working status: 500 internal server error

14. **add_placement_record/:**

    Working status-403 forbidden

15. **placement_record_save/:**

    Working status-403 forbidden

16. **add_placement_visit/:**

    Working status-403 forbidden

17. **Placement_visit_save:**

    Working status: 500 internal server error

18. **Create/generate resume:**

    Api not implemented

Overview of the module:- The Placement Cell module facilitates streamlined student-employer interaction, including resume creation and tracking, employer communication, interview scheduling, feedback collection, and analytics. It efficiently manages the logistics of interview scheduling, ensuring timely coordination between students and employers, enhancing the overall placement process.

Main Actors:

1.Student

2.Placement Officer

3.Chairman

APIs:-

- **Already Implemented**

  View Placement Statistics- Api Index 1,2

  - Usecase description: All actors (tpo,student, chairman) can view past placement stats of students.
  - Database - Api is showing 200 ok response but no data is getting fetched

- **Yet to be implemented**- API is not implemented so yet to be implemented or API is partially working i.e it has breakage.
  - ***create/generate_resume* -add_placement_schedule :Update Data(placement) : View_placement_schedule:View_placement_schedule_activity:**
  - **View_placement_statistics**
  - **Generate report**
  - **Make announcement**
  - **upload_offer_letter/upload documents**
  - **View_past_placement_records**
  - **Recieve_notifications**
  - **Recieve_notifications**

- Alumni data
- View_jobs
- apply_in_a_drive

Current problems we are facing with the module or in its use cases —
Only 2 apis are working and also no data is getting retrieved in them
